

Amended Application No. 80560

**APPLICATION FOR PERMIT TO APPROPRIATE THE PUBLIC
WATERS OF THE STATE OF NEVADA**

THIS SPACE FOR OFFICE USE ONLY	
Date of Filing in State Engineer's Office	FEB 11 2011
Returned to applicant for correction	
Corrected Application filed	Map filed FEB 11 2011

The applicant Southern Nevada Water Authority, a quasi-municipal corporation and political subdivision of Nevada
1001 S. Valley View Blvd. of Las Vegas
Street Address or P.O. Box City or Town
Nevada 89153 hereby make(s) application for permission to appropriate the
State and ZIP Code

public waters of the State of Nevada, as hereinafter stated. (If applicant is a corporation, give date and place of incorporation; if a copartnership or association, give names of members.)

Southern Nevada Water Authority was formed in 1991 by Interlocal Cooperative Agreement pursuant to provisions contained within Chapter 277 of the Nevada Revised Statutes.

1. The source of water is an underground source at Bristol Well.
Name of the stream, lake, underground, spring or other sources.
2. The amount of water applied for is 0.0133 cubic feet per second.
One second foot equals 448.83 gallons per minute.
(a) If stored in a reservoir give the number of acre-feet _____
3. The water is to be used for Stock-watering.
Irrigation, power, mining, commercial, domestic or other use. Must be limited to one major use.
4. If use is for:
 - (a) Irrigation, state number of acres to be irrigated _____
 - (b) Stockwater, state number and kind of animals 4319 sheep.
 - (c) Other use (describe fully in No. 12) _____
 - (d) Power:
 - (1) Horsepower developed _____
 - (2) Point of return of water to stream _____

STATE ENGINEER'S OFFICE

5. The water is to be diverted from its source at the following point: (Describe as being within a 40-acre subdivision of public survey, and by course and distance to a found section corner. If on unsurveyed land, it should be so stated.)

Part of Bristol Townsite, Township 3 North, Range 65 East, MDM, at a point from which the Township Corner for Township 3&4 North, Range 65&66 East, MDM, is North 42° 07' 39" East, a distance of 26,004.27 feet.

6. Place of use: (Describe by legal subdivision. If on unsurveyed land, it should be so stated.)

See Exhibit A, attached hereto by reference hereof.

7. Use will begin about November 1st and end about May 1st of each year.

Month and Day

Month and Day

8. Description of proposed works. (Under the provisions of NRS 535.010 you may be required to submit plans and specifications of your diversion or storage works.) (State manner in which water is to be diverted, i.e. diversion structure, ditches and flumes, drilled well with a pump and motor, etc.)

Water is pumped via submersible pump and generator and discharged through piping to troughs at source. Water will be transported across the extents of the designated grazing area to optimize utilization.

9. Estimated cost of works: \$25,000.

10. Estimated time required to construct works: 2-years.

(If the well is complete, describe works.)

11. Estimated time required to complete the application of water to beneficial use: 3-years.

12. Provide a detailed description of the proposed project and its water usage (use attachments if necessary): (Failure to provide a detailed description may cause a delay in processing.)

13. Miscellaneous remarks:
